**RESPONSE TO NOTICE TO COMPLY WITH THE REQUIREMENTS FOR PATENT APPLICATIONS CONTAINING NUCLEOTIDE SEQUENCES AND/OR AMINO ACID SEQUENCE DISCLOSURES**

Commissioner of Patents  
and Trademarks  
Washington, DC 20231

ATTN: Application Processing Division,  
Special Processing and Correspondence Branch

Dear Sir:

In response to the Notice to Comply with the Requirements for patent applications containing nucleotide sequences and/or amino acid sequence disclosures mailed on March 23, 1999 in reference to the patent application filed for inventors, Barney Scott Graham, et al. on August 5, 1998 (Application No. 09/129,565), Applicant respectfully submits the following:

1. A Sequence Listing of both paper and computer readable form; and
2. A copy of the Notice to Comply with the Requirements for patent applications containing nucleotide sequences and/or amino acid sequence disclosures.

Please amend the specification of the original application by entering the accompanying Sequence Listing. The contents of the paper and computer readable copies are the same.

Pursuant to 37 CFR § 1.821(g), no new matter has been added.
